Declutter Your HR and  
Redefine Employee Experience

## What does the HRMS iBoT do?

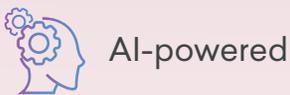

Your friendly and smart HRMS iBoT automates regular tasks that are taken care of by the HR team, thereby enhancing the employee experience and HR productivity. This intelligent iBoT can perform various HR related mundane tasks like fetching employee data, conducting surveys, disbursing employee payslips, showing tax deductions or explaining company policies.

The pre-built HRMS iBoT executes all these and many more tasks in minutes with zero error, no matter the volume and repetitive nature of the tasks.

## How is Perpetuuti's HRMS iBoT Unique in the Market?

HRMS iBoT from Perpetuuti helps your HR focus on things that matter the most with its unique features...

AI-powered

Uses ML algorithms to fetch the answers
